

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Kenneth Phillips
DOCKET NO.: 22-42974.001-R-1
PARCEL NO.: 10-14-212-011-0000

The parties of record before the Property Tax Appeal Board are Kenneth Phillips, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds <u>A Reduction</u> in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,130 **IMPR.:** \$50,223 **TOTAL:** \$65,353

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,068 square feet of living area. The home was built in 1940 and is approximately 82 years old. Features include a full basement, one fireplace, and a 2-car garage. The property has an 8,646 square foot site and is located in Evanston, Niles Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with two or more story, class 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,986 to 3,246 square feet of living area. The homes

range in age from 68 to 81 years old. Each comparable has a full basement, one or two fireplaces, and a 2-car garage. The comparables have improvement assessments ranging from \$47,407 to \$55,059 or from \$15.63 to \$17.02 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$50,223.

The board of review submitted its "Board of Review Notes on Appeal" depicting a final assessment of \$72,233. However, the appellant's submission included a copy of the "Cook County Board of Review" final decision for the 2022 tax year disclosing the subject has a total assessment of \$72,231. The subject has an improvement assessment of \$57,101 or \$18.61 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 3,013 to 3,172 square feet of living area. The homes range in age from 70 to 82 years old. Each comparable has a full basement, central air conditioning, one or two fireplaces, and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$59,528 to \$63,036 or from \$19.62 to \$20.60 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #3 and the board of review comparables which feature central air conditioning, which the subject lacks, and/or are less similar to the subject in age than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #4 which are similar to the subject in class, age, and dwelling size with varying degrees of similarity in other features. The best comparables have improvement assessments ranging from \$47,407 to \$51,953 or from \$15.63 to \$17.02 per square foot of living area. The subject's improvement assessment of \$57,101 or \$18.61 per square foot of living area falls above the range established by the best comparables in this record and appears to be excessive. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
