

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gus Karigan
DOCKET NO.: 22-43338.001-R-1
PARCEL NO.: 03-21-404-007-0000

The parties of record before the Property Tax Appeal Board are Gus Karigan, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,026
IMPR.: \$22,316
TOTAL: \$30,342

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,653 square feet of living area. The dwelling is approximately 64 years old. Features of the home include a partial unfinished basement, two fireplaces and a 2-car garage. The property has an approximately 20,064 square foot site and is located in Prospect Heights, Wheeling Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-03 dwellings of masonry exterior construction that range in size from 1,361 to 1,752 square feet of living area. The dwellings range in age from 63 to 67 years old. The comparables each have a full basement. The appellant did not report finished basement area. Each comparable has either one or two fireplaces and a 2-car garage. The

comparables have improvement assessments that range from \$16,728 to \$23,439 or from \$12.29 to \$13.70 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$21,572 or \$13.05 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,350. The subject property has an improvement assessment of \$25,324 or \$15.32 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The board of review reported that the comparables are improved with class 2-03, 1-story dwellings of masonry or frame and masonry exterior construction that range in size from 1,375 to 1,519 square feet of living area. The dwellings range in age from 60 to 68 years old. The comparables each have either a partial or a full unfinished basement, one or two fireplaces and a 2-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments that range from \$23,974 to \$26,520 or from \$17.13 to \$18.74 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to appellant's comparable #4 as well as board of review comparable #4 due to their smaller dwelling sizes when compared to the subject. The Board has given reduced weight to board of review comparables #1, #2 and #3 due to their central air conditioning, an amenity the subject lacks.

The Board finds the best evidence of assessment equity to be appellant's comparables #1, #2 and #3. The Board finds that these comparables are most similar to the subject in location, design, age, dwelling size and some features. These most similar comparables have improvement assessments ranging from \$19,680 to \$23,439 or from \$12.83 to \$13.70 per square foot of living area. The subject's improvement assessment of \$25,324 or \$15.32 per square foot of living area, falls above the range of the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
