

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frank Battista
DOCKET NO.: 22-43384.001-R-1
PARCEL NO.: 03-15-313-018-0000

The parties of record before the Property Tax Appeal Board are Frank Battista, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,248
IMPR.: \$34,752
TOTAL: \$50,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,106 square feet of living area. The dwelling is approximately 34 years old. Features of the home include a basement, 3½ bathrooms, central air conditioning, a fireplace and a 3-car garage. The property has a 19,060 square foot site and is located in Prospect Heights, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of the improvement assessment inequity argument, the appellant submitted information on four comparables located within the subject's assessment neighborhood and from 92 feet to 1.50 miles from the subject. One comparable is located along the same street as the subject. The comparables consist of class 2-78, "Two or more Story" dwellings of masonry or

frame and masonry exterior construction ranging in size from 3,159 to 3,321 square feet of living area. The dwellings are 31 to 35 years old. Each comparable has a basement, 2½ bathrooms, central air conditioning, a fireplace and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$31,528 to \$34,871 or from \$9.98 to \$10.66 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$50,000. The subject property has an improvement assessment of \$34,752 or \$11.19 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same assessment neighborhood and block as the subject. Two comparables are located along the same street as the subject. The comparables consist of class 2-78, 2-story dwellings of frame or frame or masonry exterior construction ranging in size from 2,706 to 3,182 square feet of living area. The dwellings are 34 or 35 years old. Each comparable has a basement, 2½ bathrooms, central air conditioning, a fireplace and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$31,173 to \$37,680 or from \$11.52 to \$12.02 per square foot of living area. Based on the foregoing evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables #3 and #4 which are located 1.5 miles away from the subject property. The Board also gives less weight to the board of review's comparable #4 which is less similar in dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in location, age, dwelling size, and some features. These five comparables have improvement assessments ranging from \$31,528 to \$37,680 or from \$9.98 to \$12.02 per square foot of living area. The subject's improvement assessment of \$34,752 or \$11.19 falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
