

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Cassandra Busse
DOCKET NO.: 22-43397.001-R-1
PARCEL NO.: 03-34-102-021-0000

The parties of record before the Property Tax Appeal Board are Cassandra Busse, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,205
IMPR.: \$34,548
TOTAL: \$41,753

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,166 square feet of living area. The dwelling is approximately 63 years old. Features of the home include a full basement, central air conditioning, and a 2-car garage. The property has a 7,205 square foot site and is located in Mount Prospect, Wheeling Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-05 homes of masonry or frame and masonry exterior construction ranging in size from 1,961 to 2,198 square feet of living area. The dwellings range in age from

64 to 72 years old years old. Each home is reported to have a full basement, central air conditioning, and a 2-car garage. The comparables have improvement assessments ranging from \$27,400 to \$31,873 or from \$13.97 to \$15.00 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement to \$31,169.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted the board of review final decision disclosing the total assessment for the subject of \$41,753. The subject property has an improvement assessment of \$34,548 or \$15.95 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-05 or class 2-78 homes of masonry or frame and masonry exterior construction ranging in size from 1,284 to 2,172 square feet of living area. The dwellings range in age from 61 to 73 years old. Each home has a full basement, central air conditioning, and from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$25,740 to \$38,795 or from \$16.43 to \$20.05 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board gives less weight to board of review comparable #4 which is less similar to the subject in dwelling size than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparables, as well as board of review's comparables #1, #2, and #3 which are overall most similar to the subject in location, design/class, age, dwelling size, and features. These comparables have improvement assessments ranging from \$27,400 to \$38,795 or from \$13.97 to \$17.86 per square foot of living area. The subject's improvement assessment of \$34,548 or \$15.95 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
