

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ivo Peric
DOCKET NO.: 22-43438.001-R-1
PARCEL NO.: 10-33-209-050-0000

The parties of record before the Property Tax Appeal Board are Ivo Peric, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,333
IMPR.: \$44,666
TOTAL: \$52,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,422 square feet of living area. The dwelling is approximately 64 years old. Features of the home include a full basement with finished area and central air conditioning. The property has a 5,952 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same assessment neighborhood as the subject and within 1 block or .3 of a mile from the subject. The comparables consist of class 2-06, 2-story dwellings of masonry, stucco or frame and masonry exterior construction ranging in size from 3,600 to 3,900 square

feet of living area. The dwellings are 63 to 82 years old. Three comparables each have a partial or full basement with finished area and a 2-car garage. Each comparable has central air conditioning and a fireplace. The comparables have improvement assessments ranging from \$39,090 to \$43,729 or from \$10.13 to \$11.99 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$38,190.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision for the 2022 tax year disclosing the total assessment for the subject property of \$52,999. The subject property has an improvement assessment of \$44,667 or \$13.05 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same assessment neighborhood as the subject. Two comparables are located within the same block or within ¼ of a mile from the subject. The comparables consist of class 2-06, 2-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,936 to 3,532 square feet of living area. The comparables are 66 to 83 years old. Three comparables each have a partial or full unfinished basement and central air conditioning. One comparable has a crawl space foundation. Each comparable has 1 or 2 fireplaces and from a 1-car to a 3-car garage. The comparables have improvement assessments ranging from \$43,600 to \$46,908 or from \$13.28 to \$15.88 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3 and #4 along with the board of review comparables #3 and #4 due to differences in the dwelling's older ages and/or foundation types when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are located within the same assessment neighborhood as the subject and are similar to the subject in age and dwelling size but require adjustments for differences in features from the subject, such as lack of basement finish and/or presence of a fireplace or a garage amenity, which are not features of the subject. These three comparables have improvement assessments ranging from \$39,090 to \$46,908 or from \$10.58 to \$15.88 per square foot of living area. The subject's improvement assessment of \$44,667 or \$13.05 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the most similar comparables for differences from the subject, the Board finds the appellant did not

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
