

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert O'Malley
DOCKET NO.: 22-43541.001-R-1
PARCEL NO.: 13-05-127-011-0000

The parties of record before the Property Tax Appeal Board are Robert O'Malley, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Inverness; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,925
IMPR.: \$26,431
TOTAL: \$35,356

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The property is a 3,570 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance. The subject improvement is an approximately 86-year-old, multi-story dwelling of masonry construction with 1,942 square feet of living area. Features of the dwelling include two bathrooms, a full basement, and a two-car garage.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparable properties. The comparable properties are in the same neighborhood and an undisclosed distance from the subject. They range in age from 74 to 101 years; in size from 1,855 to 2,043 square feet of living area; and have improvement assessment from \$10.93 to \$12.26 per square foot of living area. The appellant requested the subject's total assessment be reduced to \$30,151.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,356. The subject property has an improvement assessment of \$26,431 or \$13.61 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparable properties. The suggested comparable properties are in the same neighborhood and within a quarter mile of the subject. They range in age from 72 to 101 years; in size from 1,833 to 2,128 square feet; and have improvement assessments ranging from \$14.01 to \$16.16 per square foot of living area. The board of review requested that the assessment be confirmed.

The matter was set for hearing June 2, 2026, but prior to that date the parties waived hearing and requested the Board to decide the appeal on the evidence submitted.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995).

Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparable properties to the subject property. 86 Ill.Admin.Code §1910.65(b). The Illinois Constitution requires that real estate taxes “be levied uniformly by valuation ascertained as the General Assembly shall provide by law.” Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

The Board finds the best evidence of assessment equity to be appellant's comparable properties #2 and #8 and the board of review comparable property #1. These comparable properties had improvement assessments that ranged from \$10.96 to \$14.43 per square foot of living area. The subject's improvement assessment of \$13.61 per square foot of living area falls within the range established by the best comparable properties in this record. After considering all the best comparable properties submitted by the parties with emphasis on those properties that are proximate in location, similar in size of living area, and with similar features to the subject and after further considering adjustments to the best comparable properties for differences from the subject, the Board finds the appellant did not demonstrate to the level of clear and convincing evidence that the subject's improvement was inequitably assessed a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
