

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Seymour Mandel
DOCKET NO.: 22-43601.001-R-1
PARCEL NO.: 03-01-209-022-0000

The parties of record before the Property Tax Appeal Board are Seymour Mandel, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,498
IMPR.: \$41,500
TOTAL: \$48,998

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction containing 2,698 square feet of living area. The dwelling is approximately 30 years old. Features of the home include a full basement, central air conditioning, one fireplace and a 2-car garage. The property has an approximately 5,229 square foot site and is located in Northbrook, Wheeling Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located in the same assessment neighborhood code as the subject and within 486 feet from the subject property. The comparables are improved with class 2-95, 2-story dwellings of frame and masonry exterior construction containing 2,698 feet of living area. The dwellings are each 30 years old. Each comparable has a full basement, central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments of \$37,500

and \$40,500 or \$13.90 and \$15.01 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$39,499 or \$14.64 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted the board of review final decision disclosing the total assessment for the subject of \$48,998. The subject property has an improvement assessment of \$41,500 or \$15.38 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on eight equity comparables¹ located in the same assessment neighborhood code as the subject and on the same block as the subject property. The comparables are improved with class 2-95, 2-story dwellings of frame and masonry exterior construction with 2,392 or 2,698 square feet of living area. The dwellings are each 30 years old. Each comparable has a full basement, central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments of \$39,500 and \$45,500 or \$15.38 and \$16.51 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eleven suggested equity comparables for the Board's consideration. The Board has given less weight to board of review comparables #3 through #8 due to their differences from the subject in dwelling size when compared to other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables along with board of review comparables #1 and #2. The Board finds that these comparables are most similar to the subject in location and identical or nearly identical in design, dwelling size, age, and some features. These most similar comparables have improvement assessments ranging from \$37,500 to \$41,500 or from \$13.90 to \$15.38 per square foot of living area. The subject's improvement assessment of \$41,500 or \$15.38 per square foot of living area falls at the high-end of the range of the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

¹ The board of review gave evidence on eight comparables on two grids. The comparables have been renumbered as comparables #1 through #8.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
