

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Enola Lera
DOCKET NO.: 22-43980.001-R-1
PARCEL NO.: 13-30-203-040-0000

The parties of record before the Property Tax Appeal Board are Enola Lera, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,869
IMPR.: \$17,131
TOTAL: \$35,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an 8,717 square foot parcel of land improved with a 106-year-old, two-story, masonry, single-family dwelling, containing 1,744 square feet of living area. The property is located in Chicago, Jefferson Township, Cook County and is a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant contends overvaluation as the basis of the appeal. In support of its overvaluation argument, appellant submitted sales information on four comparable sales properties that sold between January of 2020 and October of 2022 for prices ranging between \$111.42 to \$128.42 per square foot of living area, including land. Each of the comparable sales was improved with a two-story, single-family dwelling, of masonry construction. They ranged from 1,464 to 2,128 square feet of living area and from 74 to 97 years of age. The petition discloses the subject is an owner-occupied residence.

Appellant also included a copy of the board of review's written decision reflecting a final valuation assessment for the subject property of \$35,000. Based on this evidence, appellant requested a reduction in the subject's assessment to \$21,260.

The board of review submitted its "Board of Review Notes on Appeal" depicting a total assessed valuation of \$35,000, with an improvement assessment of \$17,131. The subject's assessment reflects a market value of \$350,000, or \$200.69 per square foot of living area when applying the level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted four comparable properties. Each of the comparable properties was improved with a two-story, single-family dwelling, of frame and masonry construction. They ranged in size between 1,924 and 2,175 square feet of living area. They ranged in age between 64 and 96 years old. They sold between April of 2020 and April of 2021 for prices ranging from \$183.91 and \$239.09 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). This means the party challenging the assessment must provide evidence or arguments that prove their claim to be more likely correct than not. Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the appellant's comparables #1 and #2 and the board of review's comparables #1 and #3. These properties sold between 2021 and 2022 for prices ranging between \$111.42 to \$239.09 per square foot of living area, including land. The best comparables were most similar to the subject property in living area square footage. The subject's current assessment of \$200.69 per square foot of living area, including land, reflects a market value within the market value established by the best comparables in this record. Based on this record, the Board finds appellant has not proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
