

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zeeshan Farooq
DOCKET NO.: 22-44211.001-R-1
PARCEL NO.: 10-21-327-062-0000

The parties of record before the Property Tax Appeal Board are Zeeshan Farooq, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd., in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,675
IMPR.: \$33,324
TOTAL: \$42,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,526 square feet of living area. The dwelling is approximately 67 years old. Features of the home include a partial basement with a recreation room, central air conditioning, and a fireplace. The property has a 7,443 square foot site and is located in Morton Grove, Niles Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the same neighborhood code as the subject. The comparables consist of class 2-06 two-story dwellings of masonry or frame and masonry exterior construction which range in age from 67 to 74 years old. The dwellings range in size from 2,383 to 2,478 square

feet of living area. Each comparable has a full basement with a recreation room, central air conditioning, and four comparables each have a 2-car or a 2.5-car garage. Two comparables each a fireplace. The comparables have improvement assessments ranging from \$20,130 to \$29,908 or from \$8.42 to \$12.45 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$30,463 or \$12.06 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the final decision disclosing the total assessment for the subject of \$42,999. The subject property has an improvement assessment of \$33,324 or \$13.19 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code and ¼ of a mile from the subject. The comparables consist of class 2-06 two-story dwellings of frame and masonry exterior construction which are 64 to 83 years old. The dwellings range in size from 2,212 to 2,564 square feet of living area. The comparables have full or partial basements, one of which has a recreation room. Three homes each have central air conditioning. Each comparables has a fireplace and three comparables have a 2-car, 2.5-car and 3.5-car garage, respectively. The comparables have improvement assessments ranging from \$32,045 to \$41,600 or from \$14.27 to \$16.22 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine suggested equity comparables to support their respective positions before the Property Tax Appeal Board which are in the same neighborhood code as the subject and consist of class 2-06 two-story dwellings. After considering similarities and differences, the Board has given reduced weight to board of review comparables #1 and #2, due to differences in dwelling size and age, respectively, when compared to the subject dwelling.

The Board finds the best evidence of assessment equity in the record consists of appellant's comparables along with board of review comparables #3 and #4, which range in age from 67 to 74 years old, range in dwelling size from 2,269 to 2,478 square feet of living area, have full basements, six of which have recreation rooms. Each dwelling has central air conditioning, and six comparables have 2-car or 2.5-car garages. Adjustments to those six comparables are necessary as the subject lacks a garage. Similarly, only four of the seven best comparables have a fireplace like the subject suggesting upward adjustments would be necessary for the properties

that lack a fireplace feature in order to make them more similar to the subject. The best comparables have improvement assessments ranging from \$20,130 to \$34,400 or from \$8.42 to \$14.66 per square foot of living area. The subject's improvement assessment of \$33,324 or \$13.19 per square foot of living area is within the range of the best comparables both in terms of overall improvement assessment and on a per-square-foot of living area basis.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the taxation burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence.

Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

DISSENTING: _____

CERTIFICATION

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: October 21, 2025

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
