

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alak Andrews
DOCKET NO.: 22-44799.001-R-1
PARCEL NO.: 13-03-326-023-0000

The parties of record before the Property Tax Appeal Board are Alak Andrews, the appellant(s), by attorney Marie Mactal, of the Law Offices of Terrence Kennedy Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,063
IMPR.: \$45,855
TOTAL: \$55,918

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 4025 square feet of living area. The dwelling is approximately eighty-one years old. Features of the home include a full basement, central air conditioning, a fireplace and a two-car garage. The property is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant has propounded two theories under which he is seeking relief in assessment; contention of law and assessment inequity. The appellant filing is not accompanied by a legal brief and will therefore not be considered. In support of the assessment equity argument the appellant submitted information on five equity comparables. Each of the comparable properties are of masonry or frame/masonry construction. They share similar features and range in size from 1,223 to 2,194 square feet of living area; and in improvement assessment from \$27,328 to

\$49,751 or \$20.66 to \$22.35 per square foot of living area. The appellant comparable properties range from the same block to .3 miles distance to the subject property. The appellant is seeking a reduction in assessment to \$45,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$55,920. The subject property has an improvement assessment of \$45,857 or \$23.71 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. Each of the board comparable properties are two-story of masonry or frame and masonry construction. They share similar features and range in size from 1,714 to 2,038 square feet of living area; and in improvement assessment from \$41,616 to \$51,013 or \$24.28 to \$25.33 per square foot of living area. The board comparables range in distance to the subject property from the same block to one quarter mile. The board of review is asking for no change in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *board of review comparables two, three and four*. These comparables had improvement assessments that ranged from \$24.99 to \$25.33 per square foot of living area. The subject's improvement assessment of \$23.71 per square foot of living area is justified by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
