

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gregory Szejkowski
DOCKET NO.: 22-44814.001-R-1
PARCEL NO.: 13-35-102-022-0000

The parties of record before the Property Tax Appeal Board are Gregory Szejkowski, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,914
IMPR.: \$59,317
TOTAL: \$70,231

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 4,246 square feet of gross building area. The building is approximately 110 years old. Features of the building include a full basement and 4 bathrooms. The property has a 3,637 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject and from 99 feet to 0.3 of a mile from the subject. The appellant's evidence includes property characteristics printouts from the Cook County Assessor's Office which were analyzed to

verify/update data for the comparables in the Section V grid analysis. The comparables consist of class 2-11, 2-story or 3-story multi-family buildings of frame or masonry exterior construction ranging in size from 3,570 to 4,926 square feet of gross building area. The buildings are from 97 to 115 years old. The comparables have full basements and from 3 to 5 bathrooms. Two comparables each have a 2-car garage. The comparables have improvement assessments that range from \$34,750 to \$58,750 or from \$9.73 to \$12.00 per square foot of gross building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$47,959 or \$11.30 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision for the 2022 tax year disclosing the total assessment for the subject property of \$70,231. The subject property has an improvement assessment of \$59,317 or \$13.97 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject and within the subject's same block or approximately ¼ of a mile from the subject. The comparables consist of class 2-11, 2-story multi-family buildings of masonry exterior construction ranging in size from 3,440 to 3,940 square feet of gross building area. The buildings are from 105 to 109 years old. The comparables have full basements and 3 or 4 bathrooms. Two comparables have central air conditioning, and two comparables have either a 2-car or a 4-car garage. The comparables have improvement assessments that range from \$51,325 to \$60,589 or from \$14.46 to \$16.50 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #2 as well as board of review comparables #1, #2 and #3 due to differences in their design, building size, and/or presence of a garage amenity when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are overall more similar to the subject in location, design, age, building size, and most features. These three comparables have improvement assessments that range from \$45,942 to \$60,589 or from \$11.52 to \$15.38 per square foot of gross building area. The subject's improvement assessment of \$59,317 or \$13.97 per square foot of gross building area falls within the range established by the best comparables in the record. After considering adjustments to the

best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
