

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lawrence Pudelek
DOCKET NO.: 22-44842.001-R-1
PARCEL NO.: 13-08-415-009-0000

The parties of record before the Property Tax Appeal Board are Lawrence Pudelek, the appellant(s), by attorney Marie Mactal, of the Law Offices of Terrence Kennedy Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,300
IMPR.: \$27,700
TOTAL: \$37,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 2,644 square feet of living area. The dwelling is approximately ninety-five years old. Features of the home include a full basement, six bedrooms, two full bathrooms and a one-car garage. The property is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and contention of law as the basis of the appeal. The filing did not include a legal brief as required for contention of law, so the matter will be considered only as an assessment equity case. In support of this argument the appellant submitted information on four equity comparables. Each of the appellant comparable properties are two or three-story of masonry construction. They are of similar age and features. They range from 2,681 to 3,099 square feet of living area; and in improvement assessment from \$29,050 to \$31,050 or \$9.35 to \$10.52. The appellant comparable properties range in distance to the subject

property from hundreds of feet to .2 miles. The appellant is requesting a reduction in total assessment to \$30,300.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,000. The subject property has an improvement assessment of \$30,700 or \$11.61 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. Each of the board comparable properties are two -story of masonry or frame construction. They range in size from 2,090 to 2,494 square feet of living area; and in improvement assessment from \$26,439 to \$31,700 or \$12.33 to \$12.71 per square foot of living area. The board of review comparable properties are all listed on the same block as the subject property. The board is asking for no change in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *met* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of assessment equity to be *board of review comparables one, four and five*. These comparables had improvement assessments that ranged from \$9.35 to \$10.52 per square foot of living area. The subject improvement assessment of \$11.61 per square foot of living area falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant *did* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
