

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ann Jacott  
DOCKET NO.: 22-45296.001-R-1  
PARCEL NO.: 10-27-208-054-0000

The parties of record before the Property Tax Appeal Board are Ann Jacott, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,811  
**IMPR.:** \$22,859  
**TOTAL:** \$28,670

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.<sup>1</sup>

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,026 square feet of living area. The dwelling is approximately 79 years old. Features include a full basement, central air conditioning, and a 1-car garage. The property has a 4,305 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted five equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 1-story, class 2-03 dwellings of masonry exterior construction ranging in size from 1,091 to 1,212 square

feet of living area. The homes range in age from 66 to 69 years old. Each comparable has a full basement and one or two fireplaces. One comparable has central air conditioning. Two comparables each have a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$17,528 to \$22,358 or from \$16.07 to \$18.70 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$18,283.

The board of review submitted its "Board of Review Notes on Appeal" depicting a final assessment of \$28,671. However, the appellant's submission included a copy of the "Cook County Board of Review" final decision for the 2022 tax year disclosing the subject has a total assessment of \$28,670. The subject has an improvement assessment of \$22,859 or \$22.28 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 1.5-story, class 2-03 dwellings of masonry exterior construction with either 1,030 or 1,278 square feet of living area. The homes range in age from 69 to 87 years old. Each comparable has a full basement and from a 1-car to a 2-car garage. One comparable has one fireplace. The comparables have improvement assessments ranging from \$24,358 to \$28,985 or from \$22.68 to \$24.62 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #1 which have a dissimilar 1-story design when compared to the subject's 1.5-story design and/or due to substantial differences from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the board of review comparables #2, #3, and #4 which are similar to the subject in design/class, and dwelling size with varying degrees of similarity in other features. The best comparables have improvement assessments of either \$24,358 or \$25,358 and of either \$23.65 or \$24.62 per square foot of living area. The subject's improvement assessment of \$22,859 or \$22.28 per square foot of living area falls below the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
