

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gary Thacher
DOCKET NO.: 22-45352.001-R-1
PARCEL NO.: 10-27-107-031-0000

The parties of record before the Property Tax Appeal Board are Gary Thacher, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,981
IMPR.: \$33,097
TOTAL: \$38,078

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,272 square feet of living area. The dwelling is approximately 92 years old. Features include a full basement with finished area and a 2-car garage. The property has a 3,690 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story or 1.5-story, class 2-03 homes of masonry exterior construction ranging in size from 1,186 to 1,520 square feet of living area. The dwellings are 72 to 84 years old. Each comparable has a full or partial basement and one or two fireplaces. Three comparables each

have central air conditioning. Two comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$23,867 to \$29,531 or from \$19.17 to \$20.32 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted the board of review final decision disclosing the total assessment for the subject of \$38,078. The subject property has an improvement assessment of \$33,097 or \$26.02 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 of masonry exterior construction ranging in size from 1,202 to 1,298 square feet of living area. The dwellings are 85 to 98 years old. Each comparable has a full basement, two of which have finished area, and from a 1-car to a 2-car garage. One comparable has central air conditioning. One comparable has one fireplace. The comparables have improvement assessments ranging from \$32,019 to \$35,188 or from \$26.21 to \$28.07 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #2 due to differences when compared to the subject in design, age, dwelling size, central air conditioning, and/or garage amenity.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #3, and #4 which are overall more similar, if not identical, to the subject in location, design/class, age, dwelling size, and other features. The best comparables have improvement assessments ranging from \$34,019 to \$35,188 or from \$26.21 to \$28.07 per square foot of living area. The subject's improvement assessment of \$33,097 or \$26.02 per square foot of living area which falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
