

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Buczek
DOCKET NO.: 22-45991.001-R-1
PARCEL NO.: 12-23-225-036-0000

The parties of record before the Property Tax Appeal Board are John Buczek, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,004
IMPR.: \$34,639
TOTAL: \$42,643

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 3,175 square feet of building area. The building is approximately 63 years old. Features include a basement finished with an apartment¹ and a 2.5-car garage. The property has a 4,000 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity

¹ The Board finds the best evidence of basement finish is found in the board of review's evidence where the appellant did not disclose whether or not the subject has finished basement area in Section III of the appeal petition and reported "N/A" for basement finish in the grid analysis despite reporting the subject has a basement.

comparables located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,601 to 3,369 square feet of building area. The buildings range in age from 31 to 94 years old. Each comparable has a basement and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$26,560 to \$34,701 or from \$10.21 to \$10.72 per square foot of building area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$32,416.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$42,643. The subject property has an improvement assessment of \$34,639 or \$10.91 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject and 0.25 of a mile from the subject. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 3,245 to 3,672 square feet of building area. The buildings range in age from 52 to 65 years old. Each comparable has a basement finished with an apartment or a formal recreation room. Three comparables have a 2-car garage. The comparables have improvement assessments ranging from \$36,750 to \$53,806 or from \$11.24 to \$14.65 per square foot of building area. Based on this evidence the board of review requested the subject's assessment be sustained.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #4 and the board of review's comparable #3, due to substantial differences from the subject in building size, age, and/or garage amenity. The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #5 and the board of review's comparables #1, #2, and #4, which are more similar to the subject in building size, age, location, and features. These comparables have improvement assessments that range from \$32,750 to \$41,250 or from \$10.40 to \$12.03 per square foot of building area. The subject's improvement assessment of \$34,639 or \$10.91 per square foot of building area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
