

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tomasz Wojt
DOCKET NO.: 22-46023.001-R-1
PARCEL NO.: 12-24-223-013-0000

The parties of record before the Property Tax Appeal Board are Tomasz Wojt, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,443
IMPR.: \$21,560
TOTAL: \$29,003

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 1-story dwelling of masonry exterior construction with 1,214 square feet of living area. The dwelling is approximately 55 years old. Features of the home include a full basement, 1 bathroom, central air conditioning and a 2-car garage.¹ The property has a 3,720 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables located within the same assessment neighborhood code as the subject. The comparables consist

of class 2-03, single family dwellings of masonry exterior construction that range in size from 1,277 to 1,456 square feet of living area. The dwellings are 58 to 75 years old. The comparables each have a full or a partial basement, but no data was provided if the basements have finished area. Each comparable has 1 or 1½ bathrooms, and four comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments that range from \$12,696 to \$14,800 or from \$9.75 to \$10.33 per square foot of living area.

The appellant requested the subject's improvement assessment be reduced to \$11,836 or \$9.75 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision for the 2022 tax year disclosing the total assessment for the subject property of \$29,003. The subject property has an improvement assessment of \$21,560 or \$17.76 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood code and subarea as the subject. The comparables consist of class 2-03 dwellings of frame exterior construction that range in size from 1,182 to 1,446 square feet of living area. The dwellings are 71 to 98 years old and have full basements with two having finished area. Each comparable has either 1½ or 2½ bathrooms and a 2-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments that range from \$16,600 to \$20,772 or from \$11.48 to \$17.57 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration, all of which range in age from 70 to 98 years old in contrast to the 56-year-old age of the subject dwelling. Nevertheless, the Board gives less weight to the appellant's comparables and board of review comparable #4 are less similar in dwelling size to the subject and lack central air conditioning, unlike the subject. The Board gives more weight to the board of review comparables #1, #2, and #3 which are relatively similar to the subject in location, dwelling size, and most features. These three comparables have improvement assessments ranging from \$12,696 to \$20,772 or \$9.94 to \$17.57 per square foot of living area, respectively. The subject's improvement assessment of \$21,560 or \$17.76 per square foot of living area falls above the range established by these four comparables which is logical given the subject's newer aged dwelling in relation to these three

comparables. Based on this record and after considering the appropriate adjustments to the most similar comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
