

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: April Fishback  
DOCKET NO.: 22-46194.001-R-1  
PARCEL NO.: 13-02-409-004-0000

The parties of record before the Property Tax Appeal Board are April Fishback, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,500  
**IMPR.:** \$19,356  
**TOTAL:** \$29,856

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,005 square feet of living area and is approximately 86 years old. Features include a full basement, 1.0 bathroom, central air conditioning, one fireplace, and a 2-car garage. The property has a 3,750 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of masonry exterior construction ranging in size from 1,004 to 1,178 square feet of living area. The comparables range in age from 62 to 67 years old. Each

comparable has a full or partial basement and either 1.0 or 1.5 bathrooms. Two comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$13,200 to \$16,492 or from \$13.11 to \$14.19 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,294. The subject property has an improvement assessment of \$16,794 or \$16.71 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 1-story, class 2-03 dwellings of masonry exterior construction ranging in size from 1,154 to 1,210 square feet of living area. The comparables range in age from 68 to 97 years old. Each comparable has a full basement with finished area and from 1.0 to 2.0 bathrooms. One comparable has central air conditioning. Two comparables each have a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$20,500 to \$23,500 or from \$17.76 to \$19.42 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the parties' comparables have varying degrees of similarity to the subject in property characteristics. These comparables would require appropriate adjustments for significant differences from the subject to make them more equivalent to the subject. Seven comparables have substantially newer ages when compared to the subject; four comparables are substantially larger homes than the subject; seven comparables are reported to lack central air conditioning, which the subject features; and four comparables lack a garage, unlike the subject, to mention several of these significant differences. Nevertheless, the parties' comparables have improvement assessments ranging from \$13,200 to \$23,500 or from \$13.11 to \$19.42 per square foot of living area. The subject's improvement assessment of \$16,794 or \$16.71 per square foot of living area falls within the range established by the comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
