

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Kolan
DOCKET NO.: 22-46216.001-R-1
PARCEL NO.: 13-05-213-005-0000

The parties of record before the Property Tax Appeal Board are Richard Kolan, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,503
IMPR.: \$27,465
TOTAL: \$34,968

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,941 square feet of living area and is approximately 91 years old. Features include a full basement, 1.5 bathrooms, central air conditioning, and a 2-car garage. The property has a 3,750 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with class 2-04 dwellings of masonry exterior construction ranging in size from 1,817 to 2,264 square feet of living area. The homes range in age from 71 to 87 years old. Two comparables each have a full basement and one comparable has a slab foundation. Each

comparable has either 1.5 or 2.5 bathrooms. One comparable has a 2.5-car garage. The comparables have improvement assessments ranging from \$20,273 to \$25,500 or from \$8.95 to \$12.88 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,968. The subject property has an improvement assessment of \$27,465 or \$14.15 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 1.5-story, class 2-04 dwellings of masonry exterior construction ranging in size from 1,803 to 2,001 square feet of living area. The homes range in age from 73 to 96 years old. Each comparable has a full basement with two of these having finished area, either 2.0 or 3.0 bathrooms, and a 2-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$28,127 to \$30,500 or from \$15.24 to \$15.76 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to significant differences from the subject in age, dwelling size, or foundation type. Further, each comparable is reported to lack central air conditioning, which is a feature of the subject, and the appellant's comparables #1 and #3 each lack a garage, which is a feature of the subject. The Board also gives less weight to board of review comparables #1 and #4 which differ substantially from the subject in age and both feature basement finish, unlike the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #2 and #3 which are overall more similar to the subject in location, design/class, age, dwelling size and most features. The two best comparables have improvement assessments of \$29,500 and \$30,500 or \$15.24 and \$15.76 per square foot of living area. The subject's improvement assessment of \$27,465 or \$14.15 per square foot of living area falls below the two best comparables in this record. Based on this record and after considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
