

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anna Burzawa
DOCKET NO.: 22-46222.001-R-1
PARCEL NO.: 13-05-430-042-0000

The parties of record before the Property Tax Appeal Board are Anna Burzawa, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,443
IMPR.: \$31,855
TOTAL: \$39,298

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 2,344 square feet of gross building area and is approximately 95 years old. Features include a full basement with finished area,¹ two full bathrooms, and a 2-car garage. The property has a 3,720 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with class 2-11 multi-family buildings of masonry exterior construction ranging in size

¹ The board of review disclosed the subject has basement finish area, which was unrefuted by the appellant.

from 2,310 to 2,700 square feet of gross building area. The buildings range in age from 67 to 97 years old. Four comparables each have a full basement, but no data was provided if the basements have finished area, and one comparable has a slab foundation. Each comparable has two or three full bathrooms with comparable #4 also having two half bathrooms, and a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$25,273 to \$31,320 or from \$9.36 to \$12.42 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,298. The subject property has an improvement assessment of \$31,855 or \$13.59 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-11 multi-family buildings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,048 to 2,485 square feet of gross building area. The buildings range in age from 94 to 98 years old. Each comparable has a full basement with three of these having finished area, two or three full bathrooms, and a 2-car garage. The comparables have improvement assessments ranging from \$30,250 to \$35,800 or from \$12.30 to \$17.48 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 as well as board of review comparable #1 due to substantial differences from the subject in dwelling size and/or age. Further, the appellant's comparable #1 lacks a basement foundation, which the subject features.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3, #4, and #5 as well as board of review comparables #2, #3, and #4 which are more similar to the subject in class, age, and gross building size with varying degrees of similarity in other features. The comparables have improvement assessments ranging from \$27,050 to \$31,736 or from \$11.71 to \$14.10 per square foot of gross building area. The subject's improvement assessment of \$31,855 or \$13.59 per square foot of gross building area falls slightly above the range established by the most similar comparables in this record on an overall basis but within the range on a per square foot basis. However, after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
