

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anoop Kumar
DOCKET NO.: 22-46272.001-R-1
PARCEL NO.: 10-23-304-040-0000

The parties of record before the Property Tax Appeal Board are Anoop Kumar, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,642
IMPR.: \$32,358
TOTAL: \$39,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 1,818 square feet of living area. The home is approximately 70 years old. Features include a partial basement with finished area and two full bathrooms. The property has a 4,920 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood and from 0.40 of a mile to 1.78 miles from the subject property. The comparables are improved with 2-story, class 2-05 dwellings of masonry exterior construction ranging in size from 1,887 to 2,141 square feet of living area. The homes are either 69 or 72 years old. Each comparable has a full or partial

basement, from one to three full bathrooms, and one fireplace. Three comparables each have central air conditioning and an additional half bathroom. Four comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$27,457 to \$36,528 or from \$14.55 to \$17.06 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,000. The subject property has an improvement assessment of \$32,358 or \$17.80 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. Each comparable property is located on the same block, in the subject's subarea, or ¼ of a mile from the subject property. The comparables are improved with 2-story, class 2-05 dwellings of masonry exterior construction ranging in size from 1,371 to 1,881 square feet of living area. The homes are 68 to 74 years old. Each comparable has a full basement, one or two full bathrooms, and a 1-car or a 2-car garage. Three comparables each have an additional half bathroom. Three comparables each have central air conditioning. One comparable has one fireplace. The comparables have improvement assessments ranging from \$29,080 to \$36,358 or from \$19.33 to \$21.21 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration, each of which has varying degrees of similarity to the subject in location and other property characteristics. The Board finds none of the parties' comparables is truly similar to the subject due to differences when compared to the subject in location, dwelling size, central air conditioning, garage amenity, and/or other features which would require appropriate adjustments for these differences to make them more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$27,457 to \$36,358 or from \$14.55 to \$21.21 per square foot of living area. The subject's improvement assessment of \$32,358 or \$17.80 per square foot of living area falls within the range established by the comparables in this record. Based on this record and after considering adjustments to the parties' comparables for differences from the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
