

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nikoletta Antonakos
DOCKET NO.: 22-46275.001-R-1
PARCEL NO.: 10-27-310-049-0000

The parties of record before the Property Tax Appeal Board are Nikoletta Antonakos, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,220
IMPR.: \$51,779
TOTAL: \$59,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,343 square feet of living area. The home is approximately 72 years old. Features include a full basement, central air conditioning, three fireplaces, and 1-car garage. The property has a 6,089 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of frame and masonry exterior construction ranging in size from 2,766 to 3,821 square feet of living area. The homes range in age from 68 to 71 years old. Two comparables each have a full or partial basement and one comparable has a

crawl space foundation. Each comparable has central air conditioning and one fireplace. Comparable #1 has a 2-car garage. The comparables have improvement assessments ranging from \$36,212 to \$40,849 or from \$10.69 to \$14.56 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal." The appellant's submission included a copy of the board of review's final notice which disclosed the subject has a total assessment of \$59,999. The subject has an improvement assessment of \$51,779 or \$15.49 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 3,030 to 3,645 square feet of living area. The homes range in age from 71 to 93 years old. The comparables each have a full or partial basement, one fireplace, and a 2-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$47,528 to \$57,118 or from \$15.67 to \$15.84 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to substantial differences from the subject in dwelling size and/or have a crawl space foundation, in contrast to the subject's full basement. The board also gives less weight to board of review comparables #2 and #4 which differ substantially from the subject in age.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #3 which are similar to the subject in design/class, age, dwelling size, and other features. The two best comparables have improvement assessments of \$49,449 and \$51,140 or \$15.67 and \$15.84 per square foot of living area. The subject's improvement assessment of \$51,779 or \$15.49 per square foot of living area is slightly higher than the two best comparables in this record on an overall basis but below on a per square foot basis, which is logical considering the subject's larger dwelling size. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
