

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Fazlur Rahman  
DOCKET NO.: 22-46337.001-R-1  
PARCEL NO.: 10-34-125-034-0000

The parties of record before the Property Tax Appeal Board are Fazlur Rahman, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,100  
**IMPR.:** \$28,466  
**TOTAL:** \$37,566

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,313 square feet of living area. The dwelling is approximately 69 years old. Features include a full basement, central air conditioning, one fireplace, and a 1-car garage. The property has a 6,500 square foot site and is located in Lincolnwood, Niles Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 homes of masonry exterior construction ranging in size from 1,309 to 1,564 square feet of living area. The dwellings are 67 to 69 years old. Each comparable

has a full or partial basement, central air conditioning, and one or two fireplaces. Four comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$24,216 to \$29,594 or from \$17.46 to \$19.05 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,566. The subject property has an improvement assessment of \$28,466 or \$21.68 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 of masonry exterior construction ranging in size from 1,010 to 1,274 square feet of living area. The dwellings are 66 to 72 years old. Each comparable has a full or partial basement, three of which have finished area, and from a 1-car to a 2.5-car garage. Three comparables each have central air conditioning. One comparable has one fireplace. The comparables have improvement assessments ranging from \$25,229 to \$30,920 or from \$23.02 to \$27.88 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #4, and #5, as well as board of review comparables #1, #2, and #4, which are less similar to the subject in dwelling size than other comparables in this record and/or lack a garage amenity, which the subject features.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 and the board of review comparable #3 which are overall more similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in other features. The two best comparables have improvement assessments of \$24,216 and \$30,668 or \$18.50 and \$24.07 per square foot of living area, respectively. The subject's improvement assessment of \$28,466 or \$21.68 per square foot of living area is bracketed by the two best comparables in this record. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
