

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Clara Guaman
DOCKET NO.: 22-46348.001-R-1
PARCEL NO.: 13-14-100-021-0000

The parties of record before the Property Tax Appeal Board are Clara Guaman, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,500
IMPR.: \$24,611
TOTAL: \$35,111

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of frame exterior construction with 2,080 square feet of gross building area and is approximately 114 years old. Features include a full basement, 2.0 bathrooms, and a 1-car garage. The property has a 3,750 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with class 2-11 multi-family buildings of frame exterior construction ranging in size from 2,028 to 2,468 square feet of gross building area. The buildings range in age from 107 to 114 years old. Three comparables each have a full basement and two comparables each have a

slab foundation. Each comparable has 2.0 or 3.0 bathrooms. Three comparables have from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$17,500 to \$24,285 or from \$7.44 to \$9.84 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,111. The subject property has an improvement assessment of \$24,611 or \$11.83 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-11 multi-family buildings of frame or masonry exterior construction ranging in size from 2,190 to 2,574 square feet of gross building area. The buildings range in age from 60 to 99 years old. Two comparables each have a full basement and two comparables each have a slab foundation. Each comparable has 2.0 or 3.0 bathrooms. One comparable has two fireplaces. Three comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$29,500 to \$33,500 or from \$11.85 to \$14.38 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, and #5 as well as board of review comparables #1, #3, and #4 due to substantial differences from the subject in dwelling size and/or foundation type and/or lack of a garage amenity, which the subject features.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #4 as well as board of review comparable #2 which are overall more similar to the subject in design/class, age, gross building size, and other features. The best comparables have improvement assessments ranging from \$17,500 to \$29,500 or from \$8.63 to \$13.47 per square foot of gross building area. The subject's improvement assessment of \$24,611 or \$11.83 per square foot of gross building area falls within the range established by the most similar comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
