

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sean Corbett
DOCKET NO.: 22-46355.001-R-1
PARCEL NO.: 13-14-215-010-0000

The parties of record before the Property Tax Appeal Board are Sean Corbett, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,230
IMPR.: \$28,061
TOTAL: \$41,291

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,710 square feet of living area and is approximately 115 years old. Features include a full basement,¹ 2.0 bathrooms, central air conditioning, two fireplaces, and a 2-car garage. The property has a 4,725 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are

improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,404 to 1,614 square feet of living area. The comparables range in age from 95 to 110 years old. Each comparable has a slab foundation, either 1.0 or 2.0 bathrooms, and either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$17,876 to \$21,050 or from \$11.86 to \$14.27 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$41,291. The subject property has an improvement assessment of \$28,061 or \$16.41 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 1.5-story, class 2-03 dwellings of frame exterior construction ranging in size from 1,420 to 1,759 square feet of living area. The comparables are either 108 or 113 years old. Each comparable has a full basement with one of these having finished area, from 1.0 to 2.0 bathrooms, and either a 1-car or a 2-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$33,981 to \$37,097 or from \$21.09 to \$23.99 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board accords diminished weight to the appellant's comparables which are each reported to lack a basement foundation, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are similar to the subject in location, design/class, foundation type, and dwelling size with varying degrees of similarity in other features. The best comparables have improvement assessments ranging from \$33,981 to \$37,097 or from \$21.09 to \$23.99 per square foot of living area, respectively. The subject's improvement assessment of \$28,061 or \$16.41 per square foot of living area falls below the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
