

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: O Alvarez
DOCKET NO.: 22-46514.001-R-1
PARCEL NO.: 13-20-321-031-0000

The parties of record before the Property Tax Appeal Board are O Alvarez, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,329
IMPR.: \$17,340
TOTAL: \$27,669

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,700 square feet of living area and is approximately 94 years old. Features include a full basement, 1 bathroom, central air conditioning, and a 2-car garage. The property has a 3,689 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,500 to 1,748 square feet of living area. The homes range in age from 99 to 110 years old. The comparables each have a full basement with finished basement area reported as "N/A". Each

comparable has from 1½ to 2½ bathrooms. Four comparables have a 2-car garage. The comparables have improvement assessments ranging from \$14,062 to \$17,668 or from \$9.35 to \$10.61 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,000. The subject property has an improvement assessment of \$21,671 or \$12.75 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The Board finds comparable #2 is the same property as the comparable #1 and will not be referenced further in this decision. Comparables #1, #3, and #4 are improved with 1.5-story, class 2-03 dwellings of masonry exterior construction ranging in size from 1,365 to 1,473 square feet of living area. The homes range in age from 63 to 67 years old. Each comparable has a full basement, 1 or 2 bathrooms, central air conditioning, and a 2-car garage. The comparables have improvement assessments ranging from \$19,850 to \$21,500 or from \$13.48 to \$15.75 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board accords diminished weight to the appellant's comparable #2 which lacks a garage, a feature of the subject. The Board also accords diminished weight to the board of review comparables due to substantial differences from the subject in dwelling size and/or age.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3, #4, and #5 which are overall more similar to the subject in location, class, age, and dwelling size with varying degrees of similarity in other features which would require appropriate adjustments for differences from the subject to make them more equivalent to the subject. These comparables have improvement assessments ranging from \$14,062 to \$17,668 or from \$9.35 to \$10.61 per square foot of living area. The subject's improvement assessment of \$21,671 or \$12.75 per square foot of living area falls above the range established by the best comparables in this record and is excessive. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
