

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Meinken
DOCKET NO.: 22-46530.001-R-1
PARCEL NO.: 12-01-114-034-0000

The parties of record before the Property Tax Appeal Board are James Meinken, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,374
IMPR.: \$33,626
TOTAL: \$43,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,002 square feet of living area. The home is approximately 71 years old. Features include a full basement and a 2-car garage. The property has a 4,687 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-05 dwellings of frame and masonry exterior construction ranging in size from 1,619 to 2,138 square feet of living area. The homes range in age from 64 to 81 years old. Three comparables each have a full or partial basement with finished basement area reported as "N/A" and two comparables each have a slab foundation. Two comparables

each have a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$22,290 to \$30,400 or from \$12.89 to \$14.24 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,000. The subject property has an improvement assessment of \$33,626 or \$16.80 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story, class 2-05 dwellings of frame and masonry exterior construction ranging in size from 1,949 to 2,038 square feet of living area. The homes range in age from 70 to 77 years old. Three comparables each have a full or partial basement, one of which has finished area, and one comparable has a slab foundation. Each comparable has central air conditioning. One comparable has one fireplace. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$34,100 to \$36,560 or ranging from \$16.93 to \$18.52 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #3, and #5 as well as board of review comparables #1, #2, and #3. The appellant's comparables #2 and #3 are substantially smaller homes than the subject and the appellant's comparables #1, #2, and #5 as well as board of review comparables #1, #2, and #3 each lack a basement foundation and/or a garage amenity, which are features of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and board of review comparable #4 which are overall more similar to the subject in location, class, age, and dwelling size with varying degrees of similarity in other features. The two best comparables have improvement assessments of \$30,400 and \$36,560 or \$14.22 and \$18.30 per square foot of living area, respectively. The subject's improvement assessment of \$33,626 or \$16.80 per square foot of living area is bracketed by the two best comparables in this record. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
