

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yeseni Uzhca
DOCKET NO.: 22-46538.001-R-1
PARCEL NO.: 13-27-320-023-0000

The parties of record before the Property Tax Appeal Board are Yeseni Uzhca, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,003
IMPR.: \$23,808
TOTAL: \$32,811

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 2,724 square feet of gross building area. The building is approximately 96 years old. Features include a full basement and a 2-car garage. The property has a 3,600 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,454 to 3,188 square feet of gross building area. The

buildings range in age from 96 to 104 years old. Each comparable has a full or partial basement with the finished basement area reported as "N/A" and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$15,925 to \$18,925 or from \$5.42 to \$6.49 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,811. The subject property has an improvement assessment of \$23,808 or \$8.74 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-11 multi-family buildings of frame or masonry exterior construction with either 2,724 or 2,730 square feet of gross building area. The buildings range in age from 96 to 108 years old. Two comparables each have a full basement and from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$26,000 to \$27,000 or from \$9.54 to \$9.91 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in gross building size than the board of review comparables.

The Board finds the best evidence of assessment equity to be the board of review comparables which are identical or nearly identical to the subject in overall property characteristics. These comparables have improvement assessments ranging from \$26,000 to \$27,000 or from \$9.54 to \$9.91 per square foot of gross building area. The subject's reported improvement assessment of \$23,808 or \$8.74 per square foot of gross building area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
