

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alejandro Gonzalez  
DOCKET NO.: 22-46568.001-R-1  
PARCEL NO.: 13-26-330-013-0000

The parties of record before the Property Tax Appeal Board are Alejandro Gonzalez, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$11,375  
**IMPR.:** \$35,500  
**TOTAL:** \$46,875

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,683 square feet of living area. The dwelling is approximately 128 years old. Features include a full basement with finished area<sup>1</sup> and a 2-car garage. The property has a 3,250 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,478 to 2,005 square feet of living area. The homes range in age from 105 to 138

<sup>1</sup> The board of review disclosed the subject's full basement has finished area, which was unrefuted by the appellant.

years old. Each comparable has a full or partial basement with the finished basement area reported as "N/A" and a 2-car garage. The comparables have improvement assessments ranging from \$29,878 to \$34,608 or from \$14.97 to \$21.40 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$53,110. The subject property has an improvement assessment of \$41,735 or \$24.80 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject. The comparables are improved with 1.5-story, class 2-03 dwellings of frame or masonry exterior construction ranging in size from 1,381 to 1,608 square feet of living area. The homes range in age from 103 to 111 years old. Each comparable has a full basement with finished area, central air conditioning, and a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$38,063 to \$40,625 or from \$25.26 to \$27.81 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #5 as well as the board of review comparables which differ substantially from the subject in dwelling size and/or feature central air conditioning, unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #3, and #4 with are more similar to the subject in location, class, age, and dwelling size with varying degrees of similarity in other features. The comparables have improvement assessments ranging from \$29,878 to \$34,608 or from \$18.91 to \$20.81 per square foot of living area. The subject's improvement assessment of \$41,735 or \$24.80 per square foot of living area falls above the range established by the best comparables in this record and is excessive. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
