

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sylwester Niewinski  
DOCKET NO.: 22-46625.001-R-1  
PARCEL NO.: 13-19-427-025-0000

The parties of record before the Property Tax Appeal Board are Sylwester Niewinski, the appellant, by attorney Andrew S. Dziuk of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$12,250  
**IMPR.:** \$18,750  
**TOTAL:** \$31,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of masonry exterior construction with 1,204 square feet of living area.<sup>1</sup> The dwelling is approximately 81 years old. Features of the home include a full basement that is finished with a formal recreation room, 1 bathroom and a 1-car garage. The property has a 4,375 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code and property classification code

---

<sup>1</sup> The board of review described the subject dwelling as a one-story design with a basement that is finished with a formal recreation room, which was not refuted by the appellant.

as the subject. The comparables are improved with dwellings of masonry exterior construction ranging in size from 1,314 to 1,416 square feet of living area. The dwellings are from 70 to 93 years old. The comparables each have a full basement. No data was provided by the appellant concerning basement finish, if any for the comparables. Each comparable has either 1, 1½ or 2 bathrooms and from a 1-car to a 2.5-car garage. Comparable #2 has a fireplace. The comparables have improvement assessments that range from \$14,032 to \$16,101 or from \$10.68 to \$11.46 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$12,858 or \$10.68 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$31,000. The subject property has an improvement assessment of \$18,750 or \$15.57 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located within the same block as the subject property, one of which is also along the same street. The comparables are improved with one-story dwellings of masonry exterior construction ranging in size from 1,190 to 1,262 square feet of living area. The dwellings are 81 or 82 years old. The comparables each have a full basement, one of which is finished with a formal recreation room. Each comparable has 1 bathroom and from a 1.5-car to a 2.5-car garage. The comparables each have an improvement assessment of \$19,750 or from \$15.65 to \$16.60 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables which are less similar to the subject in dwelling size and/or age than are the comparables submitted by the board of review.

The Board finds the best evidence of assessment equity to be the four comparables submitted by the board of review, which have the same assessment neighborhood code and property classification code as the subject. These four comparables are overall most similar to the subject in location, dwelling size, design, age and most features. The comparables each have an improvement assessment of \$19,750 or from \$15.65 to \$16.60 per square foot of living area. The subject's improvement assessment of \$18,750 or \$15.57 per square foot of living area is less than the four best comparables in the record both in terms of total improvement assessment and

on a per square foot basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
