

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mohammed Iftekaruddin
DOCKET NO.: 22-46936.001-R-1
PARCEL NO.: 10-27-203-001-0000

The parties of record before the Property Tax Appeal Board are Mohammed Iftekaruddin, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,939
IMPR.: \$39,060
TOTAL: \$47,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 2,951 square feet of gross building area. The building is approximately 67 years old. Features include a partial basement, central air conditioning, and a 2-car garage. The property has a 6,622 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the same assessment neighborhood code as the subject and from 0.2 of mile to 1.6 miles from the subject property. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 4,205 to 5,485 square feet of gross building area. The buildings range in age from 48 to 64 years old. Each

comparable has a full basement and a 2-car or a 3-car garage. Two comparables each have central air conditioning. One comparable has a fireplace. The comparables have improvement assessments ranging from \$50,087 to \$61,563 or from \$11.22 to \$12.29 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$33,547.

The appellant's submission included a copy of the "Cook County Board of Review" final decision for the 2022 tax year disclosing the subject has a total assessment of \$47,999. The subject has an improvement assessment of \$39,060 or \$13.24 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood code and ¼ of a mile from the subject. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,496 to 2,787 square feet of gross building area. The buildings range in age from 61 to 66 years old. Each comparable has a full basement. Two comparables each have central air conditioning. Three comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$36,621 to \$40,250 or from \$13.60 to \$16.13 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which differ substantially from the subject in gross building size and/or age. The Board also gives less weight to board of review comparable #1 which lacks a garage, which the subject features.

The Board finds the best evidence of assessment equity to be the board of review comparables #2, #3, and #4 which are similar to the subject in design/class, age, dwelling size, and most features. These comparables have improvement assessments ranging from \$36,621 to \$40,250 or from \$13.60 to \$16.13 per square foot of gross building area. The subject's improvement assessment of \$39,060 or \$13.24 per square foot of gross building area falls within the range established by the best comparables in this record on an overall basis and below the range on a per square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
