

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Theofanis Marinos & Nota Marino
DOCKET NO.: 22-47015.001-R-1
PARCEL NO.: 03-17-111-016-0000

The parties of record before the Property Tax Appeal Board are Theofanis Marinos & Nota Marino, the appellants, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,190
IMPR.: \$25,724
TOTAL: \$33,914

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 1,232 square feet of living area. The dwelling is approximately 57 years old. Features include a partial basement and a 2-car garage. The property has a 9,100 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on three equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,131 to 1,432 square feet of living area. The dwellings range in age from 61 to 67 years old. Each comparable has a full basement and a 2-car garage. One

comparable has central air conditioning. The comparables have improvement assessments ranging from \$16,490 to \$26,120 or from \$14.58 to \$20.31 per square foot of living area. Based on this evidence, the appellants requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,914. The subject property has an improvement assessment of \$25,724 or \$20.88 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three suggested equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 dwellings of frame and masonry exterior construction ranging in size from 1,175 to 1,371 square feet of living area. The dwellings are either 58 or 59 years old. Each comparable has a full basement, central air conditioning, and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$24,738 to \$28,107 or from \$20.50 to \$21.40 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board gives less weight to the appellants' comparable #1 which is less similar to the subject in dwelling size than other comparables in this record. The Board also gives less weight to the appellant's comparable #2 which has an improvement assessment that is substantially lower than the other comparables in this record, thus, making this comparable an outlier.

The Board finds the best evidence of assessment equity to be the appellants' comparable #3 as well as the board of review comparables which are located in the subject's assessment neighborhood and similar to the subject in design/class, age, dwelling size, and other features. The best comparables have improvement assessments ranging from \$24,738 to \$28,107 or from \$20.31 to \$21.40 per square foot of living area. The subject property's improvement assessment of \$25,724 or \$20.88 per square foot of living falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
