

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gustavo Saberbein
DOCKET NO.: 22-47203.001-R-1
PARCEL NO.: 03-29-116-052-0000

The parties of record before the Property Tax Appeal Board are Gustavo Saberbein, the appellant(s), by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,741
IMPR.: \$39,854
TOTAL: \$49,595

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,702 square feet of living area. The home is approximately 19 years old. Features include a full basement, central air conditioning, one fireplace, and a 2.5-car garage. The property has an 8,118 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-78 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,088 to 3,277 square feet of living area. The homes range in

age from 22 to 61 years old. Each comparable has a full basement and from a 1-car to a 2.5-car garage. Four comparables each have central air conditioning. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$31,754 to \$45,080 or from \$11.68 to \$15.54 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$39,854.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted the board of review final decision disclosing the total assessment for the subject of \$55,999. The subject property has an improvement assessment of \$46,258 or \$17.12 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with one multi-level, class 2-34 dwelling and three 2-story, class 2-78 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,315 to 3,455 square feet of living area. The homes range in age from 47 to 62 years old. Each comparable has a full or partial basement, central air conditioning, one or two fireplaces, and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$46,595 to \$74,051 or from \$18.94 to \$21.43 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, and #5 as well as the board of review comparables due to substantial differences from the subject in design/class, age, and/or dwelling size. Further, the appellant's comparable #4 lacks central air conditioning, which the subject features.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3 which are overall most similar to the subject in design/class, age, dwelling size, and other features. The two best comparables have improvement assessments of \$35,000 and \$45,080 or \$12.76 and \$14.75 per square foot of living area, respectively. The subject's improvement assessment of \$46,258 or \$17.12 per square foot of living area falls above the two best comparables in this record and appears to be excessive. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant demonstrated that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
