

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Qaisar Abbas
DOCKET NO.: 22-47273.001-R-1
PARCEL NO.: 10-28-217-005-0000

The parties of record before the Property Tax Appeal Board are Qaisar Abbas, the appellant, by Dora Cornelio, attorney-at-law of Schmidt Salzman & Moran, Ltd. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,448
IMPR.: \$44,552
TOTAL: \$51,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story multi-family building of masonry exterior construction that contains 3,338 square feet of building area. The building is approximately 73 years old. Features of the property include a full basement and four bathrooms. The property has a 4,960 square foot site located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables consisting of class 2-11 properties improved with 1.5-story or 2-story multi-family buildings of frame, masonry or frame and masonry exterior construction that range in size from 3,169 to 3,661 square feet of building area. The comparables range in age from 70 to 132 years

old. Each property has a full basement with a recreation room and two, three or four bathrooms. One comparable has central air conditioning and one comparable has a 1-car garage. These properties have the same assessment neighborhood code as the subject property. Their improvement assessments range from \$30,915 to \$42,726 or from \$9.76 to \$11.67 per square foot of building area. The appellant requested the subject's improvement assessment be reduced to \$38,887.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$51,000. The subject property has an improvement assessment of \$44,552 or \$13.35 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables consisting of class 2-11 properties improved with two-story multi-family buildings of masonry exterior construction that have either 3,338 or 3,640 square feet of building area. The buildings range in age from 71 to 75 years old. Each property has a full basement, and four bathrooms. One comparable has central air conditioning. These properties have the same assessment neighborhood code as the subject property and are located in the same block or ¼ of a mile from the subject. Comparables #1 and #2 are located along the same street and within the same block as the subject property. Their improvement assessments range from \$45,163 to \$48,881 or from \$13.41 to \$13.65 per square foot of building area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The Board gives less weight to appellant's comparables #1 and #2 due to differences from the subject in age and exterior construction. The remaining comparables submitted by the parties are similar to the subject in size, age and exterior construction containing from 3,338 to 3,661 square feet of living area and ranging in age from 70 to 75 years old. These properties have similar features as the subject with the primary exception being that two have central air conditioning, unlike the subject property. These seven comparables have improvement assessments ranging from \$42,645 to \$48,881 or from \$11.65 to \$13.65 per square foot of building area. Board of review comparables #1 and #2 are most similar to the subject in location and size with improvement assessments of \$45,230 and \$45,163 or \$13.55 and \$13.53 per square foot of building area, respectively. The subject's improvement assessment of \$44,552 or \$13.35 per square foot of building area falls within the range established by the best comparables in this record and is below the two best comparables in terms of location and size. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's

improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
