

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hussain Zaidi
DOCKET NO.: 22-47677.001-R-1
PARCEL NO.: 10-35-411-049-0000

The parties of record before the Property Tax Appeal Board are Hussain Zaidi, the appellant, by Dora Cornelio, attorney-at-law of Schmidt Salzman & Moran, Ltd. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,668
IMPR.: \$34,332
TOTAL: \$45,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a multi-level dwelling of frame and masonry exterior construction containing 1,872 square feet of living area. The dwelling is approximately 66 years old. Features of the property include a basement, central air conditioning, one fireplace, two bathrooms and a 1.5-car garage.¹ The property has a 7,620 square foot site located in Lincolnwood, Niles Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity

¹ The appellant described the subject as having a full unfinished basement while the board of review described the subject as having a partial basement with a formal recreation room. Neither party provided additional documentation in support of their description of the basement.

comparables composed of class 2-34 properties improved with multi-level dwellings of masonry exterior construction that range in size from 1,804 to 1,978 square feet of living area.² The dwellings range in age from 63 to 68 years old. Each property has a full unfinished basement, and 2½ bathrooms. Four comparables have central air conditioning, three comparables have one fireplace each, and three comparables have either a 1-car or 2-car garage. The comparables have the same assessment neighborhood code as the subject property. Their improvement assessments range from \$18,541 to \$34,240 or from \$9.88 to \$17.31 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$29,484.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,000. The subject property has an improvement assessment of \$34,332 or \$18.34 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables consisting of class 2-34 properties improved with multi-level dwellings of masonry exterior construction containing from 1,871 to 1,961 square feet of living area. The homes range in age from 61 to 64 years old. Each property has a partial basement with a formal recreation room, central air conditioning, 2½ or 3 bathrooms, and a 1-car or 2-car garage. One comparable has one fireplace. These properties have the same assessment neighborhood code as the subject property and are located in the same block as the subject. Comparable #1 is located along the same street as the subject property. Their improvement assessments range from \$34,926 to \$36,500 or from \$18.44 to \$19.50 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The Board gives most weight to the comparables provide by the board of review as these properties are more similar to the subject in location than are the comparables provide by the appellant. The board of review comparables are also similar to the subject in most features. The board of review comparables have improvement assessments that range from \$34,926 to \$36,500 or from \$18.44 to \$19.50 per square foot of living area. The subject's improvement assessment of \$34,332 or \$18.34 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

² The appellant submitted copies of the Cook County Assessor's Office property characteristic sheets for the comparables describing each property as being improved with multi-level dwelling containing 2½ bathrooms.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
