

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pablo Tinajero
DOCKET NO.: 22-47696.001-R-1
PARCEL NO.: 26-06-208-018-0000

The parties of record before the Property Tax Appeal Board are Pablo Tinajero, the appellant, by attorney Brian P. Liston of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,475
IMPR.: \$4,525
TOTAL: \$8,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 1,172 square feet of living area. The dwelling is approximately 135 years old. Features of the home include a full basement that is finished with a formal recreation room,¹ one bathroom and a two-car garage. The property has a 3,475 square foot site and is located in Chicago, Hyde Park Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables that have the same assessment neighborhood code and property classification code

¹ The board of review disclosed the subject's basement is finished with a formal recreation room, which was not refuted by the appellant.

as the subject. The comparables are located from 128 feet to .2 of a mile from the subject property, two of which are located along the same street as the subject. The comparables are improved with one-story dwellings of frame or frame and masonry exterior construction ranging in size from 1,128 to 1,197 square feet of living area. The dwellings are from 95 to 135 years old. The comparables each have a full basement. No data was provided by the appellant concerning basement finish, if any, for the comparables. According to the property characteristic printouts provided by the appellant, each comparable has either one or two bathrooms and a two-car garage. The comparables each have an improvement assessment of \$1,525 or from \$1.27 to \$1.35 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$1,547 or \$1.32 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,000. The subject property has an improvement assessment of \$4,525 or \$3.86 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are improved with one-story or one and one-half-story dwellings of frame or masonry exterior construction ranging in size from 1,080 to 1,676 square feet of living area. The dwellings are from 65 to 133 years old. The comparables each have a full unfinished basement and one or two bathrooms. Comparable #1 has central air conditioning and comparable #4 has a fireplace. Three comparables each have a two-car garage. The comparables each have improvement assessments ranging from \$5,024 to \$10,621 or from \$4.22 to \$6.34 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #2, as well as board of review comparables #1, #2 and #4 due to differences from the subject dwelling in age and/or size.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 and board of review comparable #3, which have the same assessment neighborhood code and property classification code as the subject. These two comparables are overall most similar to the subject in dwelling size, design, age and most features. The comparables have improvement assessments of \$1,525 and \$5,024 or \$1.35 and \$4.65 per square foot of living area, respectively. The subject's improvement assessment of \$4,525 or \$3.86 per square foot of living area is

bracketed by the two best comparables in the record both in terms of total improvement assessment and on a per square foot basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
