

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Karma Zomkyi
DOCKET NO.: 22-48199.001-R-1
PARCEL NO.: 10-22-413-035-0000

The parties of record before the Property Tax Appeal Board are Karma Zomkyi, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,974
IMPR.: \$23,050
TOTAL: \$30,024

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 1,670 square feet of living area. The dwelling is approximately 73 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces and a 2.5-car garage. The property has an approximately 5,166 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story or 1.5-story class 2-03 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,590 to 1,785 square feet of living area.

The homes range in age from 65 to 71 years old. Four comparables have a basement, with one having finished area and one comparable has a concrete slab foundation. Three dwellings have central air conditioning, two homes each have one fireplace and three properties have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$19,632 to \$23,952 or from \$12.35 to \$14.05 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$22,545 or \$13.50 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted the Cook County Board of Review final decision disclosing the total assessment for the subject of \$43,480. The subject property has an improvement assessment of \$36,506 or \$21.86 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story class 2-03 dwellings of masonry exterior construction ranging in size from 1,144 to 1,200 square feet of living area. The homes range in age from 67 to 69 years old. Each comparable has a basement, one of which has finished area. Each comparable has a 1.5-car or a 2-car garage and two homes have central air conditioning. The comparables have improvement assessments ranging from \$26,323 to \$26,986 or from \$21.94 to \$23.59 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #1, #2 and #3 along with the board of review's comparables which differ from the subject in design and/or dwelling size.

The Board finds the best evidence of assessment equity to be appellant comparables #4 and #5 which are more similar to the subject in location, age, design and dwelling size. However, these properties have varying degrees of similarity to the subject in basement finished area, central air conditioning and garage size. The best comparables have improvement assessments of \$22,556 and \$22,923 or \$13.80 to \$14.05 per square foot of living area. The subject's improvement assessment of \$36,506 or \$21.86 per square foot of living area falls above the two best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
