

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Dwight Roepenack
DOCKET NO.: 22-48226.001-R-1
PARCEL NO.: 10-18-404-026-0000

The parties of record before the Property Tax Appeal Board are Dwight Roepenack, the appellant, by Andreas Mamalakis, attorney-at-law of the Law Offices of Andreas Mamalakis in Kenosha, Wisconsin, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds *No Change* in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,053 **IMPR.:** \$21,357 **TOTAL:** \$29,410

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.¹

Findings of Fact

The subject property is improved with a one-story dwelling of masonry exterior construction containing 1,208 square feet of living area. The dwelling is approximately 68 years old. Features of the property include a full unfinished basement, one bathroom and a 2-car garage. The property has a 6,195 square foot site located in Morton Grove, Niles Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables consisting of class 2-03 properties improved with one-story dwellings of masonry

exterior construction that range in size from 1,008 to 1,428 square feet of living area. The homes range in age from 66 to 69 years old. One comparable has a full basement and four comparables have crawl space foundations. Each property has 1 or 1½ bathrooms, one or two fireplaces, and a 1-car, 1.5-car or a 2-car garage. Two comparables have central air conditioning. The comparables have the same assessment neighborhood code as the subject property and are located from .39 to .73 of a mile from the subject property. These properties have improvement assessments ranging from \$13,000 to \$18,500 or from \$11.43 to \$13.38 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$15,160.

The appellant submitted a copy of the final decision issued by the board of review disclosing a total assessment for the subject property of \$29,410. The subject has an improvement assessment of \$21,357 or \$17.68 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" and information on four equity comparables in support of its contention of the correct assessment of the subject property. The comparables are composed of class 2-03 properties improved with one-story dwellings of masonry exterior construction that range in size from 1,009 to 1,244 square feet of living area and in age from 66 to 69 years old. Each property has a full basement with two having finished area, and 1 or 1½ bathrooms. Three comparable have central air conditioning and three comparables have a 1.5-car or 2-car garage. The comparables have the same assessment neighborhood code as the subject property and are located in the same assessment block as the subject property. Comparable #3 is located along the same street as the subject property. These properties have improvement assessments ranging from \$20,474 to \$25,947 or from \$19.44 to \$20.86 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review comparables that are more similar to the subject in location, size, and/or type of foundation than are the comparables submitted by the appellant. The Board of review comparables have varying degrees of similarity to the subject in features such as bathroom count, central air conditioning amenity, basement finish, size of garage, or lack of a garage that would require adjustments to make them more equivalent to the subject property. Nevertheless, the board of review comparables have improvement assessments that range from \$20,474 to \$25,947 or from \$19.44 to \$20.86 per square foot of living area. The subject's improvement assessment of \$21,357 or \$17.68 per square foot of living area falls within the overall range of the improvement assessments but below the range on a per square foot of living area basis as established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear

and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
