

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Naila Khan
DOCKET NO.: 22-48248.001-R-1
PARCEL NO.: 10-20-122-077-0000

The parties of record before the Property Tax Appeal Board are Naila Khan, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,983
IMPR.: \$30,016
TOTAL: \$37,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,348 square feet of living area. The dwelling is approximately 60 years old. Features include a partial basement with finished area, central air conditioning, and a 1-car garage. The property has a 6,141 square foot site and is located in Morton Grove, Niles Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood and from 0.26 to 0.58 of a mile from the subject property. The comparables are improved with class 2-34, multi-level dwellings of frame and masonry exterior construction ranging in size from 1,321 to 1,487 square

feet of living area. The homes range in age from 55 to 73 years old. Each comparable has a partial basement and one or two fireplaces. Four comparables each have central air conditioning. Two comparables each have a 1-car or a 1.5-car garage. The comparables have improvement assessments ranging from \$22,084 to \$25,342 or from \$16.72 to \$17.56 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted the board of review final decision disclosing the total assessment for the subject of \$37,999. The subject property has an improvement assessment of \$30,016 or \$22.27 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three comparables located within the subject's assessment neighborhood and on the same block as the subject property. The comparables are improved with class 2-34, multi-level dwellings of frame and masonry exterior construction with either 1,215 or 1,242 square feet of living area. The homes are either 59 or 60 years old. Each comparable has a partial basement with finished area and a 1.5-car or a 2-car garage. One comparable has central air conditioning. The comparables have improvement assessments of either \$25,074 or \$28,664 and \$20.64 or \$23.08 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to differences when compared to the subject in age, central air conditioning, or garage amenity.

The Board finds the best evidence of assessment equity to be the board of review comparables which are overall more similar to the subject in location, design/class, age, dwelling size, and most features. The best comparables have improvement assessments of either \$25,074 or \$28,664 and \$20.64 or \$23.08 square foot of living area. The subject's improvement assessment of \$30,016 or \$22.27 per square foot of living area falls above the best comparables in this record on an overall improvement assessment basis and is bracketed by them on a per square foot basis. The subject's higher improvement assessment is logical considering its larger dwelling size and/or feature of central air conditioning when compared to the best comparables. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
