

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tofik Laliwala
DOCKET NO.: 22-48250.001-R-1
PARCEL NO.: 10-20-211-043-0000

The parties of record before the Property Tax Appeal Board are Tofik Laliwala, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,254
IMPR.: \$20,390
TOTAL: \$27,644

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 1.5-story dwelling of frame exterior construction with 768 square feet of living area. The dwelling is approximately 69 years old. Features include a full basement and a 2-car garage. The property has a 5,580 square foot site located in Morton Grove, Niles Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and from 0.11 of a mile to 1.70 miles from the subject property. The comparables are improved with class 2-02, 1-story dwellings of frame exterior construction ranging in size from 860 to 923 square feet of living area. The dwellings are 69 to 82 years old. Two comparables each have a full or partial basement and three

comparables each have a crawl space or slab foundation. One comparable has central air conditioning. Each comparable has one or two fireplaces. Four comparables each have a 1-car or a 1.5-car garage. The comparables have improvement assessments ranging from \$13,810 to \$20,940 or from \$15.48 to \$22.69 per square foot of living area. The appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,644. The subject property has an improvement assessment of \$20,390 or \$26.55 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-02, 1-story or 1.5-story dwellings of masonry or frame and masonry exterior construction ranging in size from 786 to 858 square feet of living area. The dwellings are either 72 or 75 years old. Each comparable has a full or partial basement and from a 1-car to a 2-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$21,022 to \$22,940 or from \$26.74 to \$27.07 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, as well as board of review comparables #3 and #4, due to differences relative to the subject in location, age, foundation type, central air conditioning, and/or garage amenity.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2 which are overall most similar to the subject in location, age, dwelling size, and foundation type with varying degrees of similarity in other features. Each comparable has improvement assessments of \$21,022 and \$21,278 or \$26.75 and \$27.07 per square foot of living area. The subject's improvement assessment of \$20,390 or \$26.55 per square foot of living area falls below the two best comparables in the record. After considering the appropriate adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
