

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stephanie Zaide
DOCKET NO.: 22-48256.001-R-1
PARCEL NO.: 10-22-313-041-0000

The parties of record before the Property Tax Appeal Board are Stephanie Zaide, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,344
IMPR.: \$39,544
TOTAL: \$45,888

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,429 square feet of living area. The dwelling is approximately 67 years old. Features of the home include an unfinished basement,¹ central air conditioning and a 2-car garage. The property has an approximately 4,880 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The

¹ The Board finds the best description of the subject's basement was found in the board of review's grid analysis depicting an unfinished basement, which was not refuted by the appellant.

comparables are improved with class 2-06 dwellings of frame and masonry exterior construction ranging in size from 2,383 to 2,612 square feet of living area. The homes range in age from 63 to 72 years old. Each comparable has a basement, with four having finished area. Each dwelling has central air conditioning and a 2-car or a 2.5-car garage. One home has a fireplace. The comparables have improvement assessments ranging from \$28,730 to \$34,046 or from \$12.06 to \$13.04 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$30,241 or \$12.45 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,888. The subject property has an improvement assessment of \$39,544 or \$16.28 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-06 dwellings of masonry exterior construction ranging in size from 2,308 to 2,935 square feet of living area. The homes range in age from 68 to 96 years old. Each comparable has a basement, two of which have finished area. Three dwellings have central air conditioning, two homes have either one or two fireplaces and each comparable has from a 1-car to a 3-car garage. The comparables have improvement assessments ranging from \$37,759 to \$48,040 or from \$16.36 to \$17.52 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #1, #2, #3 and #5 along with board of review comparables #1 and #3 which differ from the subject in age and/or basement finished area.

The Board finds the best evidence of assessment equity to be appellant comparable #4 and board of review comparables #2 and #4 which are more similar to the subject in location, age, design, dwelling size and most features. These comparables have improvement assessments ranging from \$34,046 to \$45,391 or from \$13.03 to \$17.12 per square foot of living area. The subject's improvement assessment of \$39,544 or \$16.28 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
