

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Virgil Tiran
DOCKET NO.: 22-48497.001-R-1
PARCEL NO.: 10-35-423-035-0000

The parties of record before the Property Tax Appeal Board are Virgil Tiran, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,812
IMPR.: \$24,250
TOTAL: \$32,062

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 1,360 square feet of living area. The dwelling is approximately 78 years old. Features of the home include a full basement, a fireplace, and a 1-car garage. The property has a 5,580 square foot site and is located in Lincolnwood, Niles Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and from 0.26 to 0.79 of a mile from the subject property. The comparables consist of class 2-05, 2-story dwellings of masonry exterior construction ranging in size from 1,417 to 1,547 square feet of living area. The homes are 66 to 81 years old. The comparables have partial or full basements and 1 or 2 fireplaces. Two

comparables each have central air conditioning, and four comparables have either a 1-car, 2-car or 2.5-car garage. The comparables have improvement assessments ranging from \$25,112 to \$26,664 or from \$17.24 to \$17.72 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$35,991. The subject property has an improvement assessment of \$28,179 or \$20.72 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same assessment neighborhood as the subject property, and two of which are within the subject's subarea. The comparables consist of class 2-05, 2-story dwellings of masonry or frame and masonry exterior construction ranging in size from 1,152 to 1,705 square feet of living area. The homes are 70 to 81 years old. The comparables have partial or full basements, a fireplace, and either a 1-car, 2-car or 2.5-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$28,000 to \$39,125 or from \$22.64 to \$24.31 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #4 and #5 as well as the board of review comparables due to significant differences in dwelling sizes and/or central air conditioning amenity when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2 and #3 which have the same assessment neighborhood and classification codes as the subject and are also relatively similar to the subject in design, age, dwelling size and/or most features. These three comparables have improvement assessments ranging from \$26,142 to \$26,664 or from \$17.24 to \$17.52 per square foot of living area. The subject's improvement assessment of \$28,179 or \$20.72 per square foot of living area falls above the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, such as their larger dwelling sizes and/or other features, the Board finds the appellant demonstrated the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
