

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jane Hardies
DOCKET NO.: 22-48977.001-R-1
PARCEL NO.: 18-07-309-037-0000

The parties of record before the Property Tax Appeal Board are Jane Hardies, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,152
IMPR.: \$43,356
TOTAL: \$62,508

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 1-story dwelling of frame exterior construction with 2,140 square feet of living area. The dwelling is approximately 54 years old. Features of the home include a partial basement, central air conditioning, a fireplace, and a 2-car garage. The board of review grid analysis indicated the subject has other improvements but did not define the improvements. The property has a 16,300 square foot site and is located in Hinsdale, Lyons Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same assessment neighborhood code and the same block as the subject. The comparables consist of 1-story dwellings of frame, masonry or frame and

masonry exterior construction ranging in size from 1,962 to 2,709 square feet of living area. The homes are 56 to 67 years old. One comparable has a slab foundation. Three comparables have basements, two of which have finished area. Each comparable has central air conditioning, one to three fireplaces, and either a 1½-car, a 2-car or a 2½-car garage. The comparables have improvement assessments ranging from \$35,000 to \$51,453 or from \$15.65 to \$19.56 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$38,049 or \$17.78 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$62,508. The subject property has an improvement assessment of \$43,356 or \$20.26 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject and within the subject's same block or approximately ¼ of a mile from the subject. The comparables consist of 1-story or 1½-story, class 2-04 dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 2,035 to 5,138 square feet of living area. The homes are 53 to 63 years old. Each comparable has a partial basement with one having finished area, central air conditioning, one to three fireplaces, and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$47,909 to \$121,863 or from \$20.82 to \$23.72 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3 and #4 along with the board of review comparables #2, #3 and #4 due to differences in their considerably larger dwelling sizes and/or lack of a basement when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are more similar to the subject in age, dwelling size, foundation type and some features. These two comparables have improvement assessments of \$35,000 and \$47,909 or \$17.84 and \$23.54 per square foot of living area, respectively. The subject's improvement assessment of \$43,356 or \$20.26 per square foot of living area is bracketed by the two best comparables in this record. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence

that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
