

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patrick Hanretty  
DOCKET NO.: 22-49050.001-R-1  
PARCEL NO.: 03-30-319-004-0000

The parties of record before the Property Tax Appeal Board are Patrick Hanretty, the appellant(s), by attorney Max E. Callahan, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,366  
**IMPR.:** \$29,634  
**TOTAL:** \$39,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry construction with 2,133 square feet of living area. The dwelling was 58 years old. Features of the home include a partial basement, central air conditioning, a fireplace, and a two-car garage. The property has a 9,366 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The property is a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$390,000 as of January 1, 2022. The appraisal was prepared by a certified real estate appraiser with an MAI designation who conducted an inspection of the property on March 2, 2023. The appraiser

asserted that the highest and best use of the property as improved was its current use. The appraiser used the sales comparison approach to valuation.

Under the sales comparison approach, the appraiser utilized six comparable sales located within 0.67-mile radius of the subject property. The comparable properties sites ranged in size from 7,500 to 11,440 square feet of land area and from 1,550 to 2,373 square feet of living area. The properties are each improved with a single-family dwelling of frame and masonry construction that were from 45 to 65 years old. The comparable properties sold from January 2020 to December 2021 for prices ranging from \$320,000 to \$430,000 or from \$161.65 to \$232.26 per square foot of living area, land included in the sales prices. The appraiser adjusted for room count, rooms below grade, condition, size/gross living area, garage, basement/finish, functional utility, porch/patio/deck, and other amenities. The appraiser concluded that based on the sales data and applying adjustments to the comparable sales for differences from the subject, the subject had a market value of \$390,000 or \$182.84 per square foot of living area, land included. The appellant disclosed that this is an owner-occupied residence. Based on this evidence the appellant is seeking a reduction in the subject's assessment to reflect the appraised value.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,000. The subject's assessment reflects a market value of \$450,000 or \$210.97 per square foot of living area, including land, when applying the level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on sales of three class 2-78 and one class 2-06 comparable properties which were located within the same subarea as the subject, three of which were within a ¼-mile radius of the subject. The sales took place from May 2020 to January 2022 for sales prices from \$515,000 to \$635,000 or from \$241.44 to \$267.82 per square foot of living area, land included in the sales prices. These properties were from 59 to 77 years old and had from 2,093 to 2,383 square feet of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

The appellant submitted a rebuttal to the board of review's evidence reiterating their assertion that their appraisal is the best evidence of market value for the subject property.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The Board finds the appellant submitted a credible appraisal report, prepared by a certified real estate appraiser with an MAI designation, with reasonable and logical adjustments for differences from the subject which was not sufficiently challenged by the board of review. The

four comparable sales presented by the board of review lacked adjustments for significant differences when compared to the subject property. The subject's current assessment reflects a market value of \$450,000, which is higher than the appraised value of \$390,000. Based on the evidence presented, the Board finds the subject property is overvalued and a reduction commensurate with the appellant's request is warranted. Since the \$390,000 market value has been established, the level of assessment for class 2 properties under the Cook County Real Property Assessment Classification Ordinance shall apply for a total subject assessment of \$39,000. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

**IMPORTANT NOTICE**

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
