

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Galina Shteynberg
DOCKET NO.: 22-49062.001-R-1
PARCEL NO.: 03-17-301-010-0000

The parties of record before the Property Tax Appeal Board are Galina Shteynberg, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,998
IMPR.: \$46,975
TOTAL: \$53,973

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story townhome of masonry exterior construction with 1,708 square feet of living area.¹ The townhome is approximately 54 years old. Features include a full basement, 1 bathroom, central air conditioning, and a 1-car garage. The property has a 6,875 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the subject's assessment neighborhood. The comparables are improved with 1-story or 2-story, class 2-95 townhomes of masonry exterior construction

¹ The subject's description was gleaned from both parties' evidence; however, the Board notes that the board of review did not provide the size of the subject dwelling.

ranging in size from 1,493 to 2,010 square feet of living area. The comparables range in age from 35 to 56 years old. Each comparable has a full or partial basement, from 1.5 to 2.5 bathrooms, and one or two fireplaces. Four comparables each have central air conditioning. Three comparables each have from a 1 car to a 2-car garage. The comparables have improvement assessments ranging from \$19,000 to \$61,000 or ranging from \$12.73 to \$31.87 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted the board of review final decision disclosing the total assessment for the subject of \$53,973. The subject property has an improvement assessment of \$46,975 or \$27.50 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted limited information on three equity comparables for which location information, dwelling size, and other property characteristics were not disclosed. The comparables have purported improvement assessments ranging from \$13.75 to \$27.68 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #3 which lack a garage, which the subject features, and/or are less similar to the subject in age than other comparables in this record. The Board also gives no weight to the board of review comparables which lack salient descriptive which is required by the Board to conduct a meaningful analysis to determine the similarities and differences of these comparables relative to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #4 and #5 which are overall most similar to the subject in design/class, age, and dwelling size with varying degrees of similarity in bathroom count, fireplace count, garage capacity, and other features. The comparables have improvement assessments of \$56,000 and \$61,000 or \$30.35 and \$31.87 per square foot of living area. The subject's improvement assessment of \$46,975 or \$27.50 per square foot of living area falls below the two best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
