

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Halina Novakovich
DOCKET NO.: 22-49368.001-R-1
PARCEL NO.: 19-21-214-004-0000

The parties of record before the Property Tax Appeal Board are Halina Novakovich, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,750
IMPR.: \$11,750
TOTAL: \$14,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story townhome of masonry exterior construction with 1,000 square feet of living area and is approximately 77 years old. Features include a full basement and one full bathroom. The property has a 2,200 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located on the same block and street as the subject property. The comparables are improved with 2-story, class 2-10 townhomes of masonry exterior construction with either 988 or 1,000 square feet of living area. The comparables are each 78 years old. Each comparable has a full basement, with the appellant

reporting "NA" for finished basement area, and one or two full bathrooms. The comparables have improvement assessments of either \$10,875 or \$12,219 or of either \$11.01 or \$12.22 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$11,310 or \$11.31 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,000. The subject property has an improvement assessment of \$13,250 or \$13.25 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject and located on the same block and street as the subject property. The comparables are improved with class 2-10 townhomes of masonry exterior construction with either 889 or 988 square feet of living area. The comparables are each 77 years old. Each comparable has a full basement and one full bathroom. The comparables have improvement assessments ranging from \$9,875 to \$11,625 or from \$11.01 to \$11.77 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board finds each of the parties' comparables to be similar to the subject in location, design/class, age, dwelling size and other features. The parties' have improvement assessments ranging from \$9,875 to \$12,219 or from \$11.01 to \$12.22 per square foot of living area. The subject's improvement assessment of \$13,250 or \$13.25 per square foot of living area falls above the range established by the comparables in this record and is excessive. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
