

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Halina Novakovich
DOCKET NO.: 22-49398.001-R-1
PARCEL NO.: 19-10-314-024-0000

The parties of record before the Property Tax Appeal Board are Halina Novakovich, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,780
IMPR.: \$27,780
TOTAL: \$31,560

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 3,451 square feet of gross building area and is approximately 63 years old. Features include a full basement finished with an apartment, 3 bathrooms, and a 2-car garage. The property has a 3,780 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables with the same assessment neighborhood code as the subject and located from 0.6 of a mile to 1.4 miles from the subject property. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 3,269 to 3,628 square feet

of gross building area. The buildings range in age from 30 to 94 years old. Each comparable has a full basement finished with an apartment, 3 bathrooms, and a 2-car garage. The comparables have improvement assessments ranging from \$24,220 to \$28,250 or from \$7.41 to \$8.01 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,000. The subject property has an improvement assessment of \$30,220 or \$8.76 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables with the same assessment neighborhood code as the subject and located either on the same block and street or ¼ of mile from the subject property. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,620 to 3,300 square feet of gross building area. The buildings range in age from 45 to 56 years old. Three comparables each have a full basement, one of which is finished with an apartment, and one comparable has a slab foundation. Each comparable has from 2.5 or 4 bathrooms. One comparable has central air conditioning. Three comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$29,220 to \$36,223 or from \$8.85 to \$12.30 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives diminished weight to the appellant's comparables #1, #2, and #3 due to substantial differences from the subject in location and age. The Board gives less weight to board of review comparable #2 which lacks a basement foundation and garage, which are both features of the subject, and has central air conditioning, unlike the subject. The Board also gives less weight to board of review comparables #3 and #4 due to substantial differences from the subject in gross building size.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and board of review comparable #1 which are overall more similar to the subject in design/class, age, dwelling size, and other features. The two best comparables have improvement assessments of \$28,145 and \$29,220 or \$8.01 and \$8.85 per square foot of gross building area, respectively. The subject's improvement assessment of \$30,220 or \$8.76 per square foot of gross building area

falls above the two best comparables in this record on an overall basis but is bracketed by them on a per square foot basis. However, after considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
