

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ronald Nelsen
DOCKET NO.: 22-49400.001-R-1
PARCEL NO.: 03-18-413-022-0000

The parties of record before the Property Tax Appeal Board are Ronald Nelsen, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,977
IMPR.: \$27,739
TOTAL: \$34,716

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,396 square feet of living area. The dwelling is 56 years old. Features of the home include a basement with finished area,¹ central air conditioning and a 2-car garage. The property has a 7,753 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables located within the subject's assessment neighborhood and within 0.69 of a mile from the subject property. The comparables consist of class 2-34, multi-level dwellings of frame and masonry

¹ The board of review disclosed the subject's basement has finished area, which was unrefuted by the appellant.

exterior construction ranging in size from 1,329 to 1,600 square feet of living area. The dwellings are from 54 to 60 years old. The dwellings each have a basement, with "N/A" disclosed for the finished area, and 1 or 2 fireplaces. Four comparables each have central air conditioning, and four comparables have either a 1-car, a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$22,382 to \$27,013 or from \$16.60 to \$17.19 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The appellant submitted a copy of the Cook County Board of Review final decision disclosing the subject has a total assessment of \$34,716. The subject has an improvement assessment of \$27,739 or \$19.87 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood and block as the subject property. Two comparables are also located along the subject's same street. The comparables consist of class 2-34, multi-level dwellings of frame and masonry exterior construction each containing 1,240 square feet of living area. The dwellings are each 56 years old. Each comparable has a basement with finished area and a 2-car garage. Three comparables each have central air conditioning, and one comparable has a fireplace. The comparables have improvement assessments ranging from \$24,689 to \$27,125 or from \$19.91 to \$21.88 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #3 and #5 as well as the board of review comparable #4 which differ from the subject in dwelling size and/or lack central air conditioning or a garage amenity, both of which are features of the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in location, design, age, and dwelling size but have varying degrees of similarity to the subject in other features. These five comparables have improvement assessments ranging from \$25,043 to \$27,125 or from \$16.60 to \$21.88 per square foot of living area. The subject's improvement assessment of \$27,739 or \$19.87 per square foot of living area falls somewhat above the range established by the best comparables in the record on an overall basis and within the range on a per square foot basis. However, the Board finds the

subject's higher overall improvement assessment is reasonable given the overall adjustments to the comparables for differences in features to the subject. Moreover, the board of review's three best comparables with the higher overall improvement assessments are located on the subject's same block and/or street have smaller dwelling sizes than the subject dwelling. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
