

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marc Perkowitz
DOCKET NO.: 22-49403.001-R-1
PARCEL NO.: 03-19-103-002-0000

The parties of record before the Property Tax Appeal Board are Marc Perkowitz, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,627
IMPR.: \$16,500
TOTAL: \$25,127

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,080 square feet of living area. The dwelling is approximately 66 years old. Features include a full basement and a 2-car garage. The property has an 11,900 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 dwellings of frame exterior construction ranging in size from 1,008 to 1,296 square feet of living area. The dwellings range in age from 60 to 66 years old. Each comparable has a full or partial basement, one or two fireplaces, and from a 1-car to a 3-car

garage. One comparable has one fireplace. The comparables have improvement assessments ranging from \$14,000 to \$17,500 or from \$12.43 to \$15.19 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$15,174 or \$14.05 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted the board of review final decision disclosing the total assessment for the subject of \$27,991. The subject property has an improvement assessment of \$19,364 or \$17.93 per square foot of living area.

The board of review did not submit any suggested equity comparables in support of its contention of the current assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

This record contains five suggested comparables submitted by the appellant for the Board's consideration. The Board gives less weight to the appellant's comparable #1 which is a substantially larger home than the subject and the appellant's comparable #2 which features central air conditioning, which the subject lacks.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3, #4, and #5 which are overall most similar to the subject in design/class, age, dwelling size, and other features. The best comparables have improvement assessments ranging from \$17,000 to \$17,500 and of either \$14.38 or \$15.19 per square foot of living area. The subject property's improvement assessment of \$19,364 or \$17.93 per square foot of living area falls above the range established by the best comparables in this record and appears to be excessive. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
