

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Casagrande
DOCKET NO.: 22-49430.001-R-1
PARCEL NO.: 03-21-209-018-0000

The parties of record before the Property Tax Appeal Board are Scott Casagrande, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,395
IMPR.: \$30,962
TOTAL: \$41,357

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,280 square feet of living area. The dwelling is 56 years old. The home features a basement with finished area,¹ a fireplace, and a 2-car garage. The property has a 9,450 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables located within the subject's assessment neighborhood and within 0.34 of a mile from the subject property. The comparables consist of class 2-78, 2-story dwellings of frame and masonry

¹ The board of review disclosed the subject's basement has finished area, which was unrefuted by the appellant.

exterior construction ranging in size from 2,312 to 2,541 square feet of living area. The dwellings are from 48 to 53 years old. Each comparable has a basement, central air conditioning, a fireplace, and a 2-car garage. The comparables have improvement assessments that range from \$27,964 to \$31,000 or from \$11.01 to \$12.26 per square foot of living area. The appellant requested the subject's total assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$41,357. The subject property has an improvement assessment of \$30,962 or \$13.58 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three comparables located within the subject's assessment neighborhood and within the subject's block or approximately 1/4 of a mile from the subject property. The comparables consist of class 2-78, 2-story dwellings of frame and masonry exterior construction ranging in size from 2,340 to 2,536 square feet of living area. The dwellings are from 41 to 56 years old. Each comparable has a basement, central air conditioning, a fireplace, and a 2-car garage. The comparables have improvement assessments that range from \$33,861 to \$37,317 or from \$13.92 to \$14.71 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables for the Board's consideration. The Board gives less weight to the board of review's comparable #3 which is less similar to the subject in age than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables as well as the board of review's comparables #1 and #2 which are relatively similar to the subject in location, design, age, dwelling size and other features. These seven comparables have improvement assessments ranging from \$27,964 to \$35,054 or from \$11.01 to \$14.47 per square foot of living area. The subject's improvement assessment of \$30,962 or \$13.58 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
