

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nick Padgett
DOCKET NO.: 22-49513.001-R-1
PARCEL NO.: 14-33-305-022-0000

The parties of record before the Property Tax Appeal Board are Nick Padgett, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,687
IMPR.: \$111,312
TOTAL: \$150,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,117 square feet of living area. The dwelling was built in 1930 and is approximately 92 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces and a 1.5-car garage. The property has an approximately 3,175 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-06 dwellings of frame or masonry exterior construction ranging in size from 2,938 to 3,466 square feet of living area. The homes range in age from 133

to 143 years old. Each comparable has a basement, central air conditioning and a 2-car or a 2.5-car garage. One comparable has four fireplaces. The comparables have improvement assessments ranging from \$74,668 to \$113,500 or from \$24.59 to \$32.75 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$93,105 or \$29.87 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$150,999. The subject property has an improvement assessment of \$111,312 or \$35.71 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables two of which are located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,855 to 3,110 square feet of living area. The homes range in age from 122 to 138 years old. Each comparable has a basement, with one having finished area. Two dwellings have central air conditioning, two homes each have one fireplace and two properties each have a 2-car garage. The comparables have improvement assessments ranging from \$110,000 to \$123,797 or from \$35.37 to \$41.24 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to appellant comparable #4 which appears to be an outlier based on its overall lower improvement assessment relative to other properties in the record. The Board gives less weight to the board of review's comparables which differ from the subject in location, finished basement area, lack of garage amenity and/or lack central air conditioning.

The Board finds the best evidence of assessment equity to be appellant comparables #1, #2 and #3 which are more similar to the subject in location, classification, dwelling size and most features. However, these properties range from 41 to 51 years older in age when compared to the subject, suggesting upward adjustments are needed to make these properties more equivalent to the subject. These comparables have improvement assessments ranging from \$95,000 to \$113,500 or from \$29.50 to \$32.75 per square foot of living area. The subject's improvement assessment of \$111,312 or \$35.71 per square foot of living area falls within the range established by the best comparables in this record on an overall improvement basis and above the range on a per square foot basis. Given the subject's newer age, relative to the best comparables in the record, the subject's higher per square foot assessment appears logical. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant

did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
